

# Safety First

Dear Parents,

Please speak with your children about safety when walking to and from school being mindful to stay away from all of the curbside debris items still awaiting removal.

The Township of Cranford has indicated that the removal of these items is moving more slowly that they had anticipated. They do want to reassure all of us that they are doing everything possible to speed up this removal process.

Meanwhile, please help us keep all children safe and away from the sidewalk debris. The Township is working with us to clear areas that will serve as bus stops for children being relocated to other schools so that they have places to stand as they wait safely for their school bus.

Sincerely,

A handwritten signature in black ink, appearing to read "Gayle Carrick".

Dr. Gayle Carrick

Superintendent of Schools
