

**CRANFORD PUBLIC SCHOOLS
CRANFORD, NEW JERSEY**

POLICY: PUPIL SAFETY

The Cranford Board of Education recognizes that the safety of its students and employees on school property or when engaged in school-authorized functions is a fundamental responsibility. Staff members and students are encouraged to exercise proper care in using any apparatus, and in moving from one area to another.

In order to provide a safe environment for education, the Chief School Administrator shall develop procedures for ensuring that all school buildings shall be kept safe, clean, attractive and in good repair.

The Chief School Administrator shall develop rules to govern the supervision of pupil safety. These rules, together with such preventive measures and practices applicable to individual locations, shall be explained to all personnel by principals at the beginning of each school year, and copies of the rules and procedures shall be posted in all schools.

The Chief School Administrator shall develop an eye protection program to be established and implemented in accordance with N.J.A.C. 6:3-1.14 (e) that will provide adequate eye protection to pupils, district personnel or visitors exposed to any hazardous materials or potentially dangerous equipment.

The Chief School Administrator shall develop procedures for the maintenance in safe condition of all equipment used in courses conducted by the district as well as all equipment used by support personnel, such as vehicles, cafeteria and lunchroom equipment, and any tools necessary to the maintenance of district property.

These rules, regulations and procedures shall comply in all respects, with applicable New Jersey Law.
