Knowledge and awareness of critical health issues are important to the health and safety of our young people today. We feel that a comprehensive health curriculum is important to the well being of our students. This curriculum is mandated by the New Jersey Core Curriculum Content Standards in Comprehensive Health and Physical Education. The New Jersey Core Curriculum Content Standards are available on the Internet at <http://www.state.nj.us/njded/cccs/>.

The topics to be addressed and materials to be used in your child’s family life and HIV/AIDS curriculum are posted on the Cranford Public Schools website at www.cranfordschools.org and the Cranford High School website at <http://www.cranfordschools.org/chs>. If you have any questions or concerns about this curriculum, please feel free to discuss them with me. A copy of the complete curriculum (K-12) is available in the library of each school.

If any part of this instruction in family life education and HIV/AIDS conflicts with your conscience or sincerely held moral or religious beliefs, your child may be excused from that portion of the course in which such instruction is being given without penalties (N.J.S.A. 18A:35-4.6, et. seq.).

If you wish to have your child excluded, please so state below and either mail or send the request with your child to the Main Office.
