

Please Support our Students and Teachers!

The **Cranford Fund for Educational Excellence (CFEE)** welcomes you back for the 2018-2019 school year.

The CFEE is a nonprofit foundation that supports excellence and innovation in the Cranford Public Schools by generating resources through community involvement and philanthropic investment in our teachers.

With help from the generous Cranford community, we award grants to teachers for new and exciting classroom projects that promote learning, curiosity, and creativity. Our grant funding is distributed across the District and makes a difference in each of our schools.

Our latest round of grant awards to Cranford’s teachers totaled \$32,281 for the current school year in support of the following projects:

- *CO2 Dragster Race Tracks* – applying aerodynamics in Applied Tech classes
- *Collaboration Stations in Middle School* – promoting cooperative learning
- *Heart-guided Fitness Program* – utilizing data to encourage physical activity
- *Flexible Library Spaces at the High School*
- *Maker/STEAM/Innovation Spaces* – district-wide K-5; exploration & invention
- *Flexible seating and workstations* – district-wide
- *Classroom Design in Mathematics* – CHS collaboration stations
- *Lego EV3: Robotics in STEAM Education* – 7th & 8th Grades

If each school-aged family in Cranford philanthropically invested an average of \$100, we would be able to fund \$240,000 in innovative projects each year!

Some of us may be in a position to invest \$1,000 and some may be able to give \$10 at this time, but each gift will ensure we collectively can do even more for our children and our teachers. **Please make a gift today at the greatest level your present situation allows.**

We also are recruiting volunteers. If you are ready to get involved or have questions, please send an email to CFEE Co-Presidents Corey Walsh at coreywalsh@gmail.com or Jennifer Mehr at jenmehr@yahoo.com.

Thank you for however you can help make a difference. We wish everyone a wonderful 2018-19 school year!
